AGREED

Building
Permit-
Regal Oil
and Refining
Company,
Limited.

7. Regal Oil and Refining Company Limited

Reporting that the company has now purchased and located on the East half of Block 42, River Lot 13, immediately adjoining the property of the Union Oil Company South of 80th. Avenue and West of 101st Street have made application for a building permit to erect a warehouse on the property and also a pump house, garage and office, the three last-named to have separate buildings from the warehouse.

It appears that under Fire Bylaw No. 24, Section 25, such a warehouse as now proposed to be erected should be of fire-proof construction. In view, however, of the fact that similar warehouse buildings have been permitted to be erected without being fire-proof, it is suggested that the present application should receive favourable consideration.

Secret
Meetings
re Power
Offers.

It has been stated editorially at least three times by a local paper that a meeting of the Edmonton Council was held behind "closed doors" to consider the power question. Has any such secret meeting been held? If so, when and where and are the minutes of the same available? Were all members of Council notified of such meeting if same were held?

Re Power
Supply.

It has been published repeatedly that Edmonton has no surplus power and it has also been published that if the reduced light and power rates go into effect they will be only "paper rates" on account of such lack of power?

What if any surplus power has Edmonton? Would the City be in a position to supply power to any industry that could reasonably be expected to locate in Edmonton. What amount of power is being sold to the Calgary Power Company? If the City required such power for the use of its own consumers, could the agreement with the Calgary Power Company be terminated?
