SCHEDULE "A"

THE IDENTIFICATION OF REGULATED PORTIONS OF THE RODD APARTMENTS

The purpose of this Schedule is to identify by written description and photographs, those portions of the Building known as the Rodd Apartments, which shall be regulated by the “General Guidelines for Rehabilitation” (Schedule “B”) and must be preserved (“the Regulated Portion”).

The Regulated Portion of the Building includes the north, east and west historic exterior façades only. This includes the unusual style and eclectic influences in style, form, scale, and mass of the Rodd Apartments as described below. These features of the Building shall be rehabilitated in accordance with the “Rehabilitation Work” which is part of Schedule “C”.

Nonregulated portions of the Building, being all other portions of the Building not specifically identified as a Regulated Portion, may be rehabilitated, altered, repaired or otherwise permanently affected in any manner provided that such rehabilitation, alteration or repair does not impact on the regulated historic features of the Building. Any development or alterations considered to be non-regulated portions of the Municipal Resource, however, must meet the General Guidelines for Rehabilitation of Designated Historic Resources as identified in the *“Standards and Guidelines for the Conservation of Historic Places in Canada.”* Any development of any portion of the Land shall be undertaken in a manner that is sympathetic to the historic north, east and west façades of the Rodd Apartments. New development should also make reference to this resource’s Statement of Significance as identified on the Alberta Register.

The following character defining architectural elements as expressed in the form, massing and materials of the north, east and west façades of the building must be retained:

- location as part of a larger group of older homes along 103 Avenue between 95 Street and 96 Street

SCHEDULE "B"

GENERAL GUIDELINES FOR REHABILITATION

The General Guidelines for Rehabilitation are intended to assist in applying accepted principles and practices to the conservation of Historic Resources. The guidelines are set out in the *“Standards and Guidelines for the Conservation of Historic Places in Canada.”* In a manner consistent with accepted practice, City Heritage Policy C450B requires that the standards be used in conjunction with the guidelines to ensure that the basis for a clear and consistent interpretation of the guidelines is provided to assist owners of Historic Resources throughout any rehabilitation process. The following guidelines and the referenced standards shall apply to the Rodd Apartments and the land on which the building is located (the “Municipal Historic Resource”) and any rehabilitation or maintenance work undertaken with respect to the Municipal Historic Resource at any time.

1. **Compatible Uses:**

Wherever possible, the uses proposed for a Municipal Historic Resource shall be compatible with the existing building such that only minimal changes are required to the building. The use of a Municipal Historic Resource for its original purpose is desirable.

2. **Original Character:**

The original distinctive qualities and character of the building as designated by the Municipal Historic Resource Bylaw should be preserved. The removal or alteration of any historical materials or features shall be avoided whenever possible.

3. **The Historic Period:**

The Municipal Historic Resource should be recognized as a product of its own time. Alterations which are not based on historical fact or which recreate an earlier or a later design idiom shall be discouraged.

4. **Witness to Change:**

Changes to the Municipal Historic Resource may have occurred over time. These alterations are evidence of the history and development of the building. Because this evolution may have acquired a significance in its own right, alterations to the original building should be recognized and respected where indicated.

5. **Style and Craftsmanship:**

Distinctive stylistic features and examples of skilled craftsmanship which have been designated by the Municipal Historic Resource Bylaw shall be preserved and treated sensitively.

6. Repair and Replacement:

Deteriorated architectural features shall be repaired rather than replaced whenever possible. Where replacement is necessary, the new material should match the original as to composition, color, texture, design, etc. The repair or replacement of architectural features shall be based on a sound knowledge of the original characteristics of the feature. Such knowledge shall be based on historical or pictorial evidence and not upon conjecture.

7. Cleaning:

In all cases, surface cleaning shall be undertaken with the gentlest means available. Sandblasting in particular, but also other cleaning methods, damage historic buildings and should not be undertaken without thorough testing prior to use on a building. Sandblasting is not recommended on brick, stone or wood. In all instances, it should be ascertained that a building exterior is really in need of cleaning prior to undertaking the work.

8. Reversibility of Improvements:

When the introduction of new elements or materials is necessary to stabilize or preserve a municipally designated historic resource, alteration shall be undertaken such that the new materials, should they fail, may be removed at a later date without damage to the original fabric of the Municipal Historic Resource. Where this is not possible (i.e. use of epoxy) only those methods and materials which have been thoroughly tested and found satisfactory in situ, shall be used.

9. Recording:

Prior to undertaking any alterations, particularly in cases where alterations may threaten the building fabric (underpinning, moving structures), the applicant shall compile a complete record of the architectural features of the Municipal Historic Resource. Measured drawings and photographs of details may prove invaluable if major features are damaged or lost during the subsequent repair work.

10. Original Construction Details:

In some historic structures, poor construction details or inappropriate materials resulted in rapid deterioration of certain building elements. In these instances, accurate reconstruction of the original detail will inevitably result in the failure of the element. Therefore, reconstruction should be undertaken in such a fashion as to duplicate the original appearance as closely as possible while using details based on sound construction practice.

11. Codes:

At no time should the life and safety of occupants of a Municipal Historic Resource be deemed of lesser importance than the preservation of the original fabric of the Municipal Historic Resource. The required life and safety standards are those required by the current Alberta Building Code. However, notwithstanding these Code requirements, where the essential character of the structure is threatened by changes for Code reasons, every effort shall be made to achieve an equivalent safety standard by alternate means so as to minimize the impact on the historic fabric.

12. Improvements:

Prior to undertaking any improvements, a schedule of alterations should be prepared. This schedule should include phasing of alterations where necessary due to program or budget restrictions. The type and timing of both short and long term maintenance work shall also be included.

13. Signs:

As a general rule signs should be limited to signs which were originally present on the building. In instances where new uses or interpretive functions dictate the use of additional signs, these new elements should be integrated into the general design of the project. The size, typeface, graphics, and materials should be chosen to suit the period of the Municipal Historic Resource wherever possible. Avoid installing new signs such that the repair, replacement or removal of the signs damages the original fabric of the structure.

14. Enforcement:

The owner and the City shall enter into an agreement to provide that the designated structure will be maintained in such a manner as to prevent any deterioration

15. Alterations and Additions to Historic Resources:

Contemporary design for alterations and additions to existing Historic Resources shall not be discouraged when such alterations and additions do not diminish the overall historic character of the resource and such design is compatible with the size, scale, colour, material and character of the resource, neighbourhood or environment.

GUIDELINES FOR DEVELOPMENT ON THE REGULATED LANDS

1. General Purpose:

To establish guidelines on future development on the lands on which the Rodd Apartments is located to protect the heritage character of the Rodd Apartments and the land on which the building is located (the “Municipal Historic Resource”).

2. Area of Application:

The area of application is the portion of land located at 9537 – 103 Avenue NW and legally described as:

Plan D

Block 8

Lot 16

as shown in Schedule “A” of this Bylaw (the “Land”).

3. Development Criteria:

The Development Officer and the Heritage Planner shall have regard for the following guidelines when reviewing a development permit application for any additions or alterations to the Rodd Apartments, or any other proposed development on the Land.

4. Historic Integrity:

- 4.1. Any redevelopment of the Municipal Historic Resource must respect the historic character of the regulated portions of the Municipal Historic Resource. As well, any future development on the Land, including any ancillary structures, must conform to “General Guidelines for Rehabilitation” and the “*Standards and Guidelines for the Conservation of Historic Places in Canada.*”
- 4.2. There shall be no building development in the front yard of the Rodd Apartments.
- 4.3. Additions or additional structures must be sympathetic in either matching material or style, or both, in order that the Rodd Apartments continues to be read as one unit.

If by December 31, 2021, or date of the Designation Bylaw plus five years, whichever is earlier, the Owner has not completed enough Rehabilitation Work (verified by Notices of Completion) to qualify for the Maximum Incentive, the City shall not be obligated to pay the difference to the Owner in that year or in any future years. Notwithstanding the foregoing, the City may agree with the Owner in writing to carry forward some or all of the unpaid Maximum Incentive. The Owner expressly agrees, however, that payment of any or all of the Maximum Incentive is conditional upon completion of the Rehabilitation Work strictly in accordance with this Agreement.

6.5. The City may, in its absolute discretion, provide for partial payment of any amount up to the Maximum Incentive for any Phase(s) notwithstanding that a Notice of Completion for the Phase(s) has not yet been issued.

7. **MAINTENANCE:**

7.1. The Owner and the City shall meet within fourteen (14) days of the receipt of the Inspector’s report and establish the remedial work that shall be carried out, the timing for the completion of such remedial work and the manner in which such remedial work shall be undertaken (the “Remedial Work Plan”).

- 7.4. The Owner shall promptly carry out the Remedial Work Plan and notify the City on completion.
- 7.5. On receipt of notice that the Remedial Work Plan has been completed, the City may inspect and identify any deficiencies in writing to the Owner. The Owner shall correct the deficiencies and provide the City notice that such corrective action has been carried out, and the City may then reinspect.

Notwithstanding any other provision of this Agreement, if at any time the Owner or the City become aware of any disrepair that may endanger the Building, the Owner and the City shall meet and the Owner shall prepare and submit to the City a plan for repairs to the satisfaction of the City. The Owner shall promptly carry out the required repairs and notify the City on completion within a time frame determined by the City. Nothing herein shall be deemed or construed, however, to limit the City's ability to rely on or enforce laws or bylaws relating to real property which is unsafe, dangerous or unsightly.
- 7.7. In addition to inspections permitted pursuant to the Remedial Work Plan, the City may on reasonable notice to the Owner and no more than four (4) times a year, inspect the Building at the City's own expense.
- 7.8. The Owner shall be solely responsible for ensuring that the Building and Land and any improvements thereto comply with all applicable federal, provincial and municipal laws, regulations, bylaws, codes and guidelines. The Owner acknowledges and agrees that nothing in this Agreement shall be deemed or construed as an obligation on or duty of the City to ensure compliance with this section or advise the Owner of deficiencies in the Owner's compliance with this section.
- 7.9. **If the Owner fails to perform any obligation under this Article 7 or made pursuant to this Article 7, the City may give notice of the breach to the Owner and without any further notice in the case of a breach pursuant to Section 7.6 of the Agreement, or at the expiration of twentyone (21) days after service of the notice in the case of any other breach, the City may without further notice, take all steps as the City may in its absolute and uncontrolled discretion deem necessary to remedy the Owner's breach.** Any monies expended by the City in remedying the said breach, together with a surcharge of fifteen percent (15%), shall be paid by the Owner to the City, and until such payment shall, together with interest thereon at the rate of one percent (1%) per annum above the prime rate, be a debt owing by the Owner to the City. This amount shall be recoverable by the City from the Owner within thirty (30) days of the Owner receiving a written demand and summary of costs from the City, failing which such amount payable shall be a charge on the Land and the City is at liberty to register such charge on title to the Land. The rights of the City under this clause shall be in addition to and not substitution of any other rights of

the City against the Owner whether by way of damages for breach of covenant or otherwise.

- 7.10. The failure of the City at any time to require performance by the Owner of any of the Owner's covenants shall in no way affect the City's right to enforce such covenant, nor shall the waiver by the City of the performance of any covenant be taken or be held to be a waiver of the performance of that covenant or any other covenant hereunder at any later time.
- 7.11. The Owner hereby releases the City, its agents and employees from any liability whatsoever that the City may have to the Owner arising out of or related to the City's performance of such obligations, save for any such liability as may be due to the City's negligence. The Owner hereby agrees to cooperate with the City and allows the City such necessary access to the Building and the Land as is requisite for the City to fulfil the requirements of this section.
- 7.12. Pursuant to and in accordance with Section 29 of the Act this Agreement shall be registered on title to the Land and the conditions and covenants herein shall run with the Land and shall bind the Owner and subsequent owners and successors in title to the Owner.

8. REZONING:

- 8.1. Within one year of the execution of this Agreement, the Owner shall apply to the City to have the Land re-zoned to (DC1) Direct Development Control Provision. Nothing in this Agreement fetters Council's discretion to approve or reject the Owner's re-zoning application.
- 8.2. Notwithstanding any other provision of this Agreement, the City may, in its sole and absolute discretion, hold back the Incentive grant until the Planning and Development Department has received a valid application to rezone the Land to (DC1) Direct Development Control Provision.

9. INSTALLATION OF PLAQUES:

- 9.1 The Owner shall permit the placement of two (2) plaques in a visible location on or in proximity to the Building upon, or anytime after, the passing of the Designating Bylaw. One plaque shall be created and installed by the City at the City's sole expense to a design and specification solely within the City's discretion identifying the Building and the Land as a Municipal Historic Resource. A second plaque shall be created and installed by the Edmonton Historical Board as an interpretative plaque, to a design and specification solely within the Board's discretion. The location of the City's and the Board's plaques shall be mutually agreed to by the Owner and the City, both parties acting reasonably. For greater clarity, the City or the Board shall have no obligation to

create and install such plaques, and the decision to do so shall be solely within each of the City's and the Board's discretion. The Owner shall not permit or cause the damage, destruction, removal, disturbance or obscuring of such plaques.

10. CANADIAN REGISTER OF HISTORIC PLACES:

10.1. The Owner consents to having the property listed on the Canadian Register of Historic Places which will at minimum entail having the address, historic descriptions, statements of significance and photographs available for public viewing, in print or electronic format.

11. INSURANCE:

11.1. The Owner will maintain all risks broad form property insurance on the Building and Land.

11.2. The limits of such policy will insure the structure to full replacement value.

11.3. In the event of a loss every effort should be made to replace, repair or restore the Building to conserve the characteristics of the Building which give it its historical significance. Parts of the Building designated as being historic shall be restored, as closely as possible, to the details and characteristics of the original Building so designated as being historic.

11.4. Any exceptions to this insurance provision must be approved by the designated Heritage Planner for the City of Edmonton.

12.1.1. The party requesting that the matter in dispute be resolved in accordance with the provisions of this Dispute Resolution Article (the "Disputing Party") shall notify the other party (the "Defending Party") in writing of the details of the nature and extent of the dispute (the "Arbitration Notice");

12.1.2. Within seven (7) days of the receipt of the Arbitration Notice, the Defending Party shall by written notice advise the Disputing Party that it disputes all matters referred to in the Arbitration Notice except those for which the Defending Party admits responsibility and proposes to take remedial action;

- 12.1.3. The terms of reference for arbitration shall be those areas of dispute referred to in the Arbitration Notice with respect to which the Defending Party has not admitted or proposes to take remedial action;
- 12.1.4. The Defending Party and the Disputing Party shall within ten (10) days after the date of receipt by the Disputing Party of the Defending Party's notice, appoint an arbitrator who shall be acceptable to both parties (the "Arbitrator"). In the event that the parties shall fail to appoint the Arbitrator, then either party may, on written notice to the other, apply to the President of the Alberta Arbitration and Mediation Society to name the Arbitrator;
- 12.1.5. Not later than twenty (20) days after the appointment of the Arbitrator, the Arbitrator shall make his written decision, and shall give it to the parties immediately;
- 12.1.6. Unless the Arbitrator orders otherwise, the City and the Owner shall equally bear the costs of the arbitration;
- 12.1.7. The decision of the Arbitrator is final and binding on the parties and there shall be no appeal of the decision to the courts; and
- 12.1.8. Except as modified by this Agreement, the provisions of the Arbitration Act R.S.A. 2000 c. A-43, as amended, shall apply.
